The Michigan B.A.C. Training Center Welder Certification Update Form.

To protect the investment of time, material and costs relating to certification any recipient of welding certifications thru the Michigan B.A.C. Training Center must follow up with documentation of welding processes on each given application and on the job performance of such skill. If the recipient of welding certifications thru the Michigan B.A.C. Training Center does not perform these skills on the job in a six month period or fails to document such performance of skills, the recipient must schedule a refresher at the Michigan B.A.C. Training Center before the lapse of the six month period beginning on the date of certification or the last documented performance of on the job welding skills. If the recipient of welding certification from the Michigan B.A.C. Training Center fails to document or refresh these aforementioned welding skills for a period greater than six months the recipient will be held responsible for his or her own expense to recertify including material, lodging and testing costs.

Per A.W.S. Structural Welding Code 4.1.3.1

“Welders and Welding Operators: The welder’s or welding operator’s qualification as specified in this code shall be considered as remaining in effect indefinitely unless (1.) the welder is not engaged in a given process of welding for which the welder or welding operator is qualified for a period exceeding six months or unless (2.) there is some specific reason to question a welder’s or welding operator’s ability.”

Name of welder	Date	Company	Jobsite	Rod series	Procedure	Foreman

Welder’s signature _____ Date _____
Foreman’s signature _____ Date _____
